 IDA Ireland

Go Green Offer

IDA Ireland's "Go Green" Business Offers is designed to encourage IDA clients to adopt green business principles in their organisation to increase competitiveness and achieve international environmental best practices.

A "Go Green" approach will help your company by increasing the level of environmental awareness and drive environmental efficiencies and achieve improved sustainability. Better environmental performance leads to improved resource efficiency and direct cost savings and can also increase access to customers who are increasingly demanding more environmentally friendly products and services.
