Biopharmaceutical industry in Ireland

85+

Biopharmaceutical companies in Ireland

Activities undertaken in Ireland
- Manufacturing
- Process Development
- Supply Chain Management
- IT & Software Development
- Contract Research (CRO)
- Clinical Trials (CTO)
- Regulatory Affairs
- Supply Chain Management
- Quality Assurance
- Process Development

Dynamic Growth

Biologics manufacturing sites in Ireland increased by 50% over the last 5 years.

All of the world’s Top 10 pharmaceutical companies have substantial operations in Ireland.

Biopharma R&D by IDA client
€2 billion
Circa 2020

Why Ireland for the Biopharmaceutical Industry?

Regulations & Standards

Strong and transparent regulatory framework provided by Ireland’s regulating bodies HPRA, EMA and FDA.

Talent Availability

Culture of excellence in compliance and regulatory track record.

R&D/Training

Cost €4 billion invested in Biopharma R&D by IDA client companies annually.

Innovation & Research
- Manufacturing & Process Development
- Supply Chain Management
- IT & Software Development
- Contract Research (CRO)
- Clinical Trials (CTO)
- Regulatory Affairs
- Supply Chain Management
- Quality Assurance
- Process Development

R&D & Training Infrastructure

Key Academy Industry Collaboration Centres

Solutions

Collaboration
- Ease of Doing Business
- Tax Reliefs & Research & Training
- Strong and transparent regulatory framework

Talent Availability
- Generic & Specialised skills
- Ireland ranks globally in top 10 in the world.

Why Ireland for the Biopharmaceutical Industry?

R&D/Training

Cost €4 billion invested in Biopharma R&D by IDA client companies annually.
