

Why Ireland for **Asset Management & Administration**

Ireland is a global centre for Financial Services. Over 430 Financial Services companies are operating from Ireland today, including 20 of the Top 25 Global Institutions.

Talent

- + Young, highly educated & skilled workforce.
- + Internationally diverse talent with direct access to EU labour market.
- + Local expertise across Financial Services, Technology, & Global Business Services.

Europe

- + Committed member of the EU.
- + English-speaking member of the Eurozone with full-access to the Single Market and EU regulatory passporting.

Business Environment

- + An open & globally connected country with a stable, pro-business environment.
- + Fastest growing economy in the Eurozone with one of the most productive workforces in the world.
- + Corporate tax rate of 12.5% and a comprehensive network of double taxation agreements (DTA's).
- + Common law jurisdiction with a supportive eco-system of specialist service providers.

Regulation

- + Strong Regulator committed to delivering quality financial authorisation and supervision.

Dedicated Framework for Future of IFS Sector

- + The continued success of the International Financial Services sector is a priority for the Government of Ireland. Working in partnership with industry, academia and key stakeholders, a dedicated framework has been developed to grow Ireland as a top tier location for specialist Financial Services.

Asset Management & Administration in Ireland

For over 25 years Ireland has been a **leading domicile for internationally distributed investment funds**, covering a broad range of fund types.

Ireland attracts international fund promoters due to its **open, transparent and well-regulated investment environment**, its strong emphasis on investor protection, its efficient tax structure and its dynamic and innovative business culture.

Ireland has **local expertise which spans the full range of services for the funds industry**. Funds Administration, Transfer Agency, Custody, Legal, Tax and Audit Services, Stock Exchange Listing, and Compliance & Consultancy services are all readily available.

Front & middle office activity is on the rise in Ireland with a number of companies now engaging in Multilateral Trading Facilities, Portfolio Management & Oversight, Investment Advisory & Oversight, Investment Analysts, and Risk & Compliance.

Ireland is viewed as a **strategic hub for technology innovation within the funds industry**. Multiple companies are embarking on technology projects from Ireland, implementing the latest technologies into their operations, across data analytics, machine learning & AI, cyber security, and Robotic Process Automation (RPA). Active companies within this space include: Fidelity, Northern Trust, Susquehanna, Mediolanum, and Citadel Securities.

Green Finance is a growing area of focus in Ireland and we have an existing cluster of renewable energy infrastructure fund managers with €7 billion in AUM. Examples include Blackrock, Brookfield Renewable, Greencoat Renewables, NTR, Infram Energy and Mainstream Renewable Capital.
